

RUSTBUSTER SAFER DE-GREASER

PRODUCT DESCRIPTION

Safer De-Greaser is a heavy duty, ecological, non-biological, non-toxic, non-carcinogenic solution to remove grease from substrates.

Safer Degreaser does not produce any VOC's (volatile organic compounds) but does have a mild odour. It is colourless, non-toxic, does not contain phosphates, does not produce vapours, is non-carcinogenic, environmentally friendly, ecological, and biodegradable. Cleaning up any spills of this product requires nothing more than plain water.
